HADDO HOUSE.

ABERDEEN.

Dec. 12. 1884

Dear Madam

Will you allow me
to send you a line
of sincere thanks for your
book "Home Education."
It cannot fail to be
most helpful & to be
productive of much good.

May I also venture to
ask if you know of any
governess, either foreign or
English who is imbued
with the ideas about
children expressed in this
book & whom you could
recommend for three children
two boys, one of nine, the other

nearly 5 & a very quick
little girl of 7 - one too
who would wish to work
with the mother.

Apologising for my intrusion

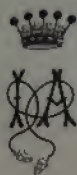

I remain

Yours very faithfully

Isabel Aberdeen

Dear Miss Mason

We have just had

permission of Lord & Lady
St. Wimborne.

The Committee are very
pleased that you are
willing to speak & I could
not for a moment consent
to your not speaking first.
& we hope that you
will speak for half-an-hour

Please send me the
names of the ladies you
would like asked & pray
do not cut down the list;
we should try to get as
many as possible to come,
for I am sure that your
suggestions to mothers of the
upper classes will be most

valuable.

It is very good of you
to make excuses for me for
not having written to you
Somehow at this time of year
one does get rather driven
what with one thing &
another.

Yours sincerely

Isabel Aberdeen

Dear Miss Mason,

I have to thank
you very much for your
more than kind letter, but
I am afraid that the kind
invitation of your Committee
to address a meeting, at
Bradford, comes at rather
an unfortunate moment,
as I feel that I have already

3p2pneu15

undertaken too much in
this direction, during the
immediate future. If I can
see any prospect, later on,
of taking a Wednesday in
one of the later winter
months, I will let you know.

I am afraid that I am
already in disgrace with
the Bradford ladies, by
having been unable to

3p3pneu15

accept a very kind and pressing
invitation to speak at their
"Women's Liberal Federation"
meeting, on the 18th -

I am very glad that your
Hamilton House address is
to be published in "Murray's".

With all good wishes for the
success of your Union,

I remain

Yours sincerely

Dear Miss Mason,

(1) I am afraid that there may be a little difficulty in attaching "Onward and Upward" to the Parents' Educational Union, because of its limitation as to size and price which already sadly hamper me. Our Mother's work is likely to extend itself very considerably this year so as practically to be a Scottish Mothers' Union, so the Magazine would doubtless become more and more addressed to mothers. Still we must keep up part of it for the girls belonging to the Haddo House Association, and if we connected ourselves definitely with yet another Association, confusion might be caused. Would it meet the case if a special edition were prepared with a special supplement for the P.E.U.? I would gladly do that.

(2). We have sold this house and give up possession at Easter, so unless the Council Meeting is before then we cannot give a room.

(3). I am afraid that there is no chance of my being at Liverpool yet awhile. Will not Canon Stubbs be able to form the branch himself?

(4). I am looking forward much to your N.S. They have not yet arrived. I am sure they will be just what we want. I liked "Dorothy Elmer's Achievement" very much.

Excuse these bald answers to your queries as I am much occupied.

Believe me

Yours sincerely
